NDG

Developing IT Professionals

18/06/2020

Dear

Alvaro Javier Carrillanca Peralta

Congratulations on successfully completing the

NDG Linux Unhatched course

in the Cisco Networking Academy.

By completing this course, you have obtained the Linux knowledge covered by the CompTIA A+ Certification and are now prepared to take the next step in your IT career.

Sincerely,

Rich Weeks
President
Network Development Group

The NDG Linux Essentials course is designed to prepare you for the Linux Professional Institute Linux Essentials Professional | NDG Linux Essentials

Linux is everywhere! As the reach of Linux continues to grow, it has established itself as a core skill for all IT professionals .Linux skills are more in demand than ever and employers are struggling to find qualified candidates to meet their needs.
